Martie Ludes, from Pennsylvania, has bought out Mr. Ostheimer's boot and shoe business, in L. J. Grant's old stand. Parties who have known Mr. Ludes for years, recommend him as being a first-class boot and shoe maker.

A big snow storm the last of last week occurred out west. Trains were stopped and snow plows were at work. Passengers accumulated at Wallace and under the necessity of putting in their time as best they could in that city of the plains.

That long fellow who used to wear his pants in his boots and pencil behind his ear, and takes strides as if he were the famous "seven league boot," thinks we pay too much attention to a maniac. We believe so, too, and do not propose to waste much ammunition on him.

At the meeting of the city council last Thursday evening the second-class city question was again discussed. A petition signed by quite a number of citizens, protesting against the proposed organization, was presented. Further action upon the matter was postponed. It is believed by many that the project is killed.

In view of the numerous, flattering complimentary notices given Capt. Mohler in the columns of the Herald for the last nine years, it looks very much out of place to make the attack upon him the Herald did last week. Even Hanna's friend do not uphold this attack. Somebody ought to take the back files of the Herald and read to the fellow who flourishes the revolver, the thousand puffs Mohler has received from Hanna.

Last Thursday evening Barrett & Rubland's smoke house was burned. The house was full of meat, about \$300 worth of which was damaged and destroyed. The fire department was on hand—after the fire. We present this week to our readers the mammoth advertisement of Hon. T. H. Cavanaugh, proprietor of the Highland Stock Farm. The pure bred Hereford cattle which Mr. Cavanaugh has brought to our county will make Saline county famous for its stock. We congratulate our people on so valuable an acquisition. We propose shortly to give an extended account of the Highland farm and its high bred animals.

The Annual session of the M. E. Conference commenced yesterday morning, Bishop Bowman presiding. The attendance is very good. It is a fine looking body of men—mostly young and active men. We are publishing the Conference Daily, which contains the daily proceedings, and for the benefit of those who do not see the Conference paper we shall republish them in the JOURNAL. On another page will be found many interesting conference items.

Messrs. M. D. & L. E. Sampson, of the JOURNAL, Salina, Kansas, recently purchased from a new style Gordon, and send us some sample work done on the new press and with new styles of our Johnson type. It is simply true that, both as regards composition and press-work, they are as neat and tasty as can be done anywhere.—Rounders Printers' Cabinet.

The printing was done before the new press arrived, on a Gordon jobber, eighth medium, which we have used steadily in this office for over four years.

The fellow of the frenzied eye, who is trying his hand on the local columns of the Herald, is very inquisitive and asks many questions. This is to inform him that we do not propose to take up space in our columns answering his childish interrogatories until he has first established that he has some character, or that he is not a backguard, bully or maniac, either of which his late actions go to prove. We hope, however, he will keep on asking questions until his mind is settled.

A raging, screaming, sign lifting, rip-rearing wind prevailed last Thursday night. People awoke next morning with the observation: "The most unpleasant night I have ever experienced." If there was a blind about the house that never rattled before it rattled that night. If any one window sash had not joined in previous clatters it joined in that night. It was a weird, unnatural, unpleasant, disgusting, good-for-nothing night. Such a night as must have been seen when bogies and witches danced for the benefit of drunken Tam—"By Alloway's auld haunted kirk."

The temperance movement in this place has assumed gigantic proportions. It is in the hands of earnest men and women who seem to have only in view the welfare of husbands, brothers and neighbors. Adopting Lincoln's aphorism: "With malice toward none, and charity for all," they have gone to work in a sensible way, and done much good for our community. Years of the old-style of "bull-dozing" could not have accomplished what has been achieved in the last ten days. All classes of men and women have become interested in the movement, and every night the speakers find large crowds to greet them at the churches. Mr. Reynolds is such a speaker as arouses the masses and carries conviction to the soul, by his earnestness. Col. J. G. Spivey, Hon. J. H. Sneed, Revs. Dearborn, Blaylock, Lockwood, Simkins, Carr, Hill, Lawrence, Mitchell, and Mr. M. S. Price have all able, earnest and effective speeches in the good cause. Mr. Reynolds' condensed his labors here last Tuesday night. Saturday and Sunday afternoon street meetings were held, which were very enthusiastic. The music was inspiring and the speeches good. A large crowd of people collected on each occasion. At the close of the meetings solicitors for the pledge and blue badges were sent out into the crowds and their efforts were crowned with good success. We understand that Mr. Reynolds will visit Salina again in May. It is the intention to keep up these meetings. We understand that the county is to be thoroughly canvassed by temperance lecturers, and that meetings will be held in all the school houses. The enthusiasm prevails not only in the town but it is going out into all parts of the county. It looks now as if the saloons would be compelled to close during the year. Thus far 2,000 have taken the pledge and wear the blue ribbon. Quite a victory for the temperance people.

Good Results

Are always pleasant to contemplate, as every dyspeptic sufferer who uses Parker's Glyceric Tonic will attest. To obtain from this remedy the gratifying relief when distressed with head-ache, low spirits, nervousness, wakefulness, pain in stomach, palpitation of the heart, liver disorders, costiveness, heartburn, cramps, etc., is a pleasant experience that surprises no less than it comforts. Another remarkable feature of this remedy is its powerful specific action on the skin and mucous surfaces of the throat and lungs, by which it unfailingly cures the worst cases of cough, cold and sore throat. It cures in a wonderfully short time, removes all soreness from lungs and protects the feeble from consumption. Buy a 1/2 bottle from your druggist. O. Selzer, or a sample bottle for 15 cents and test its merits.

Temperance Notice.

Temperance meetings will be held at the following times and places:

At the stone school house, in school district No. 28, 5 miles southeast of Salina on Friday evening, March 15th, 1878. Also at same time at church near Maltby's. At the New Cambria school house, on Saturday evening, March 16th.

At Brookville, commencing on Monday evening, March 18th, and continuing for several successive evenings—meetings to commence at 7 o'clock. Revs. Simkins, Lockwood, Hartsock, Bishop and other eminent ministers, and Col. John G. Spivey, Hon. J. H. Sneed, M. S. Price, Esq., and others will be present at the above named place and address the people.

There will also be a mass meeting and grand rally at the corner of Santa Fe and Iron avenues, in Salina, at 3 o'clock next Saturday evening. Eminent speakers from abroad will address the people. Meetings in other parts of the county will be announced at an early day.

It is also hereby announced that the regular meetings of the Salina Temperance Union will be held every Thursday evening at the Methodist Church, commencing on Thursday evening, March 21st, 1878, at half past 7 o'clock. It is expected that these meetings will be attended by every member of the Union.

Brookville Items.

Our streets begin to assume a more business like appearance for the past week, with thirty or forty loaded wagons on the street each day.

Mr. R. Ingraham's heart was made glad last week by the return of his family, which returned last week. Russell was beginning to fall away.

A Mr. Hamlin visited our town last week from Wisconsin, looking up mill interests. He took quite a liking to Brookville and it is possible will erect a mill here.

Hundreds of land hunters come in every day, but nearly all are in search of government land on which to settle, so that it will be safe to say that not a particle of land will be left in this part of Salina county at the end of the present year.

I mentioned last week how well the agricultural implement business was represented here, not thinking it would attract the attention of any but bone fide purchasers; but "lo and behold," on Saturday night Mr. Guthrie disposed of a plow, a cultivator and harrow, all one sale—no, haul. It seems that they were left out on the side walk, in front of Ober, Wilson & Co's store, and some thrifty farmer took them along on Sunday morning. Mr. G., missing the articles, started out to the farm of Messrs. Drumpe & Smith, on the Maltby, thinking they were the parties who had taken them (they having been seen in town late on Saturday evening), accompanied by M. D. M. McCormick, deputy sheriff, and arrested those parties and brought them before a justice, who loaned them over to appear on Monday, at 1 p. m. They appeared, and for want of evidence against them were acquitted. On Tuesday morning a neighbor's cattle having strayed toward a mill race, owned by one of the parties acquitted, and for the benefit of those who do not see the Conference paper we shall republish them in the JOURNAL. On another page will be found many interesting conference items.

Mrs. Crawshaw, formerly Clara Coombs, has returned to her home in Texas, after her long and pleasant visit to her friends.

Charles Coombs has been appointed night operator at Ellsworth.

Mr. A. Robbins butchered to-day (the 13th) one of the finest, sleekest, fattest, and heaviest steers ever butchered here. It was really a big steer, running the butcher business up to a high notch. Think he will win by it. He is gaining custom every day.

The Rev. T. B. Dooley appeared at the school house last evening, with very short notice, where he held religious services, and as large an audience as the house could contain—almost. Father Dooley is well liked by every one he meets, and preached as a sermon that in my opinion will alone do more good than all we have heard for a year. Love him rather than the red seems to be the lodestone with some of our people.
